2024 PRISON PROJECT

For the 4th consecutive year, CWF staff will be visiting Philadelphia prisons this summer, helping the currently incarcerated receive their '20 & '21 stimulus checks.

Why do we do it?

Helping inmates recover these funds increases their odds of living productive lives after their release, benefitting the community as a whole. These checks are used to get basic necessities in the facilities as well as provide financial support for loved ones at home. The inmates are incredibly appreciative and feel a great sense of relief knowing that those in the community care about them.

How can I help?

CWF is looking for a volunteer who can consistently report to correctional facilities in Northeast Philadelphia on most Wednesdays during the summer. This opportunity involves interviewing inmates in a safe environment and requires basic data entry skills and the VITA Volunteer Standards of Conduct and Intake/Interview certifications.

Want to get involved? Email Monica at mpierson@cwfp Philly.org.
